WAIL OF HIS BABY SHORTENS SENTENCE

Self-confessed Fagin Receives Mercy of Court.

The wail of a child lightened by three years and a half the sentence which Judge Mulwony, of the District Police Court, was about to impose upon its father yesterday.

The father, whose name is Louis Rosenbaum, confessed to the court that he had taught four small boys to steal. "I saw a wagon go by with packages on it," he told the court. "I had no money for my little boys. There was no meat or bread at home. So I called the boys—that one over there—and he pointed to a small figure seated in a near-by chair—"the one they called 'Mouse.' I says: 'Hey! get that big red box on that wagon and bring it here.' Sure he did."

Then I took it to the house where it was addressed and got the 'C. O. D.' on it. I divided with the boys."

As the man told his story, his wife, sitting behind him, began to cry. "I never knew he did wrong," she said, so the crowd in the courtroom could hear. "This is a bad case," said Judge Mulwony. "You've not only stolen yourself, but you've influenced these four little boys in a most depraved way. I think a year for each of the four cases against you."

Then the baby, who had been playing unconcernedly about the courtroom, examining everything with critical eye, from the judge to the railing behind which he sat, wailed softly.

The judge paused, and the child cried out again.

"For the sake of that baby," continued the judge, "I'll sentence you to six months in jail for two cases and give you six months' parole for the other two."

PASTOR TO GIVE LECTURE.

Rev. W. R. Wedderpoon Will Describe Passion Play To-night.

An illustrated lecture under the auspices of the Bogiano Sunday school class will be given at Foundry M. E. Church this evening by Rev. William R. Wedderpoon, D. D., who has recently accepted a call to that church.

Dr. Wedderpoon witnessed the Passion Play last summer, and will show pictures of and describe the play, the village, and the villagers.

INSECT BUREAU FUMIGATED.

Deadly Compound Cleans Out Bugs at Department.

The Bureau of Entomology in the Department of Agriculture, which has been overrun with water bugs, red ants, and numerous other insects that have made the lives of the employees unhappy, was treated to a fumigation yesterday.

Dr. L. O. Howard worked out a scheme for the safe use of hydrocyanic acid gas, a deadly compound that permeates every crevice in a house and compels every living thing in it to leave or take the consequences. Wednesday afternoon, after the employees had left the building, the acid was mixed with other compounds and the place closed tight.

The building will be swept and aired this morning before the usual time for starting work, and it is the hope of the officials and employees that the use of the acid was effective.

WOULD CREATE PARCEL POST.

To Renew Recommendation to Congress This Year.

In his forthcoming annual report Postmaster General Hitchcock will renew his recommendation for the introduction of a limited parcels post service on rural mail routes.

He believes that as soon as the postal savings system is thoroughly organized the Post-office Department should be prepared to establish throughout the country a general parcel post.

As the preliminary step he hopes Congress will authorize the delivery of rural routes of parcels weighing as high as eleven pounds, which is the weight limit for the international parcel post. This form of service can be conducted with little if any additional expense. It will not require the appointment of more carriers, for those already employed have the necessary equipment in the way of horses and wagons to distribute the parcel, as well as the ordinary mail.

CATHOLIC KNIGHTS GIVE A SOCIABLE

Orphaned Lads Contribute Drill at Entertainment.

Five thousand persons helped make it a happy Thanksgiving Day for the orphans of St. Joseph's Asylum by attending the twenty-seventh annual benefit sociable at Convention Hall last night. The affair was given under auspices of the Catholic Knights of America.

Judge James F. Smith, of the United States Court of Customs Appeals, was the speaker. After expressing the compliments of the day, Judge Smith spoke on the work of orphanages in general and St. Joseph's Asylum in particular.

Rev. William T. Russell, of St. Patrick's Church, introduced Judge Smith and bespoke the thanks of the directors for the liberal response made to the appeal of the asylum board. Father Russell congratulated the Catholic Knights for their work.

One hundred orphaned lads, under the direction of Dennis J. Connel, contributed to the entertainment with a calisthenic drill and the singing of patriotic airs. The male choir of St. Patrick's Church also sang. Following the entertainment, there was dancing until midnight. The executive committee was composed of Edward J. Hannan, M. A. Mess, P. A. Tobin, and N. H. Shea.

CROWDS AT PLAYGROUNDS.

Teachers Explain Their Workings to the "Grown-ups."

In response to the invitation of the Playground Association, the different playgrounds were visited by thousands of "grown-ups" yesterday. The teachers and instructors were on hand early and took the greatest pains to explain the workings.

Small banks were placed at all the playgrounds, and every one of the visitors made a donation. No statement was given out from the headquarters of the association yesterday, so it was impossible to determine just how much was obtained, but it is estimated that nearly \$100 was received.

The executive committee will meet on December 1 and decide whether they will keep the grounds open during the winter. The amount of the fund is about \$2,000 short of what is needed to continue until the grounds are turned over to the District authorities in the spring.

DICKINSON'S SON DIES.

Secretary of War Leaves for Home in Nashville, Tenn.

Secretary of War Dickinson left Washington last night for his home at Nashville, Tenn., where his son, J. Overton Dickinson, died yesterday from heart failure.

Secretary Dickinson received a message yesterday afternoon saying that his condition was serious, and he called at the White House to visit President Taft before leaving. Later he received a second dispatch announcing his son's death.

Secretary Dickinson has recalled the invitations which he sent out several days ago to several prominent persons asking them to accompany him to the army and navy football game in Philadelphia to-morrow.

LET YOUR STOMACH HAVE ITS OWN WAY

Do Not Try to Drive and Force It to Work When It Is Not Able or You Will Suffer All the More.

You cannot treat your stomach as some men treat a balky horse; force, drive, or men starve it into doing work at which it rebels. The stomach is a patient and faithful servant and will stand much abuse and ill-treatment before it "balks," but when it does you will find it slow with it and not attempt to make it work. Some people have the mistaken idea that they can make their stomachs work by starving themselves. They fast and then eat the stomach that way, but it would take no long that they would have no use for their stomach when they get through. The sensible way out of the difficulty is to let the stomach rest if it wants to and employ a substitute to do its work.

Stuart's Dyspepsia Tablets will do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your food in a glass jar with one of the tablets and sufficient water and you will see the food digested in just the same time as the digestive fluids of the stomach would do it. That will satisfy your mind. Now, to satisfy both your mind and body take one of Stuart's Dyspepsia Tablets after eating—eat all and what you want—and you will feel in your mind that your food is being digested because you will feel no disturbance or weight in your stomach; in fact, you will forget all about having a stomach, just as you did when you were a healthy boy or girl.

Stuart's Dyspepsia Tablets act in a natural way because they contain only the natural elements of the gastric fluids and other digestive fluids of the stomach. It makes no difference what condition the stomach is in, they go right ahead of their own accord and do their work. They know their business and surrounding conditions do not influence them in the least. They thus relieve the work stomach of all its burdens and give it its much-needed rest, and permit it to become strong and healthy.

Stuart's Dyspepsia Tablets are for sale by all druggists at 25 cents a box. They are so well known and their popularity is so great that a druggist would as soon think of being out of alcohol or quinine as of them. In fact, physicians are prescribing them all over the land, and if your own doctor is real honest with you, he will tell you frankly that there is nothing on earth so good for dyspepsia as Stuart's Dyspepsia Tablets.

TWO STEAMERS FOR SERVICE.

Half a Million Will Be Spent for Their Construction.

The government in the construction of two steamers for the Revenue-cutter Service. Specifications have been issued by Capt. W. E. Reynolds, superintendent of construction and repair of the service, in Baltimore, and bids will be opened December 12.

The cost of each vessel will be \$250,000, the money having been appropriated by the last Congress. Each steamer will be 200 feet long and fully equipped. They will be of 1,224 tonnage, and will carry 200 tons of coal and 15,324 gallons of fresh water on voyages. Each vessel will be equipped with a single triple-expansion engine of 2,000 horsepower. Two steel boilers, tested to a working pressure of 200 pounds, are to be installed, and it is expected the cutters will have an average speed of fourteen knots, and the maximum must be fifteen knots.

BOY SCOUTS REACH LAUREL ON FOOT

Resume Walk to Baltimore This Morning.

Two patrols of Boy Scouts of the Y. M. C. A., who set out yesterday to walk to Baltimore, spent the night at Laurel. They arrived there at 6 o'clock last night, and will resume their journey at 9 o'clock this morning, planning to cover the remaining twenty miles in six hours.

The ten boys on the jaunt completed the first half of their walk in fine condition. Winford Dawson, who is in charge of Patrol No. 3, called the "Tiger," gave no signs of tiring.

Jerrett Huddleston is in charge of the other patrol, No. 5, called the "Cobra." Others in the party are Edwin Edmonson, Charlie Ashford, Richard Edmonson, Boardman Gettinger, Louis Rubitcisk, Francis Fahy, Gordon Washburn, Cedric Ishkanian, and Robert Farrar.

The party will report at the Baltimore Boys' Y. M. C. A. Building at 3 o'clock this afternoon. After a short rest they will take the 6 o'clock electric train for Washington, arriving in time for the Bible class supper.

Other scouts who remained at home had a "hare and hound" chase yesterday morning. They divided themselves into five parties of two patrols each. Three parties acted as hares and the others as hounds. Leaving the boys' building at 9:30 o'clock, the hares, by the use of chalk, left a trail along the sides of the gutters, which the hounds followed as best they could. They returned to the building at 11 o'clock, when refreshments were served.
